make things better

Yaris

B

With the 2010 Yaris, fun is not an option, it comes standard. Affordably priced and with sleek lines, Yaris can be configured in any number of ways. So how you want it,

C

is exactly how you'll get it. But it's when you're on the road that you'll truly feel the spirit of Yaris' fuel efficient and energy packed persona. Available as a 3-door and

5-door Hatchback or Yaris with a trunk, the 2010 Yaris brings together a fun personality and a whole lot of get-up-and go in one nice little package – and that's how we make things better.

Yaris Hatchback CE

Hit the road running with a sporty profile, clean contours, crisp handling and spacious interior. Everything you ever needed fit neatly into the compact frame of Yaris Hatchback CE. But just because it's small, doesn't mean it isn't big on space. Just like the 5-door Hatchback, the 3-door gives you an abundance of leg and head room and up to .728 cubic metres of cargo space.

Safety and Performance

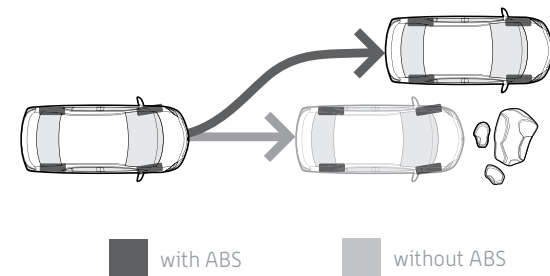

In the 2010 Yaris, peace of mind has never felt so comforting. Not only does Yaris deliver outstanding crash safety performance, it also comes fully fortified with advanced safety features like driver-side dual-stage SRS airbag¹ and front passenger SRS airbag.¹ Other advances include a set of bumpers ingeniously designed to absorb energy and minimize damage. What's more, the entire front end and hood feature an invisible cushioning system devised to help protect all parties in the highly unlikely event of an accident. It's just another indispensable addition to a long list of standard safety features which give you the confidence and assurance you need while driving on the road.

SAFETY FEATURES

- Available Antilock Braking System (ABS) with Electronic Brake-force Distribution (EBD) (standard on RS and 4-door).
- Driver and front passenger airbags Supplemental Restraint System (SRS).¹
- Standard front seat-mounted side airbags, front and rear head and side curtain airbags (SRS).¹
- Front passenger airbag occupancy classification indicator.
- All-position 3-point lap and shoulder belts.
- Front seatbelt pre-tensioners with force limiters.
- Anchor points for child restraint seats.
- Door ajar, low washer fluid, low fuel, driver and front passenger seatbelt warning indicators.
- Engine immobilizer.

ANTILOCK BRAKING SYSTEM (ABS) The available ABS automatically pulses the brakes when it senses impending wheel lockup to help prevent a skid during braking. As a result, it helps preserve the driver's ability to steer the vehicle and potentially avoid an accident.

PERFORMANCE FEATURES

- 106 hp, 1.5-litre, 4-cylinder, DOHC, 16-valve engine.
- Variable Valve Timing with intelligence (VVT-i).
- Front engine, front wheel drive.
- Sequential multiport electronic fuel injection.
- Electronic Throttle Control System with intelligence (ETCS-i).
- 103 lb.ft. of torque at 4200 rpm.
- Electric rack and pinion power steering.
- MacPherson gas struts, coil springs, stabilizer bar front suspension.
- Torsion-type rear suspension.

Toyota Quality

Quality is built right into the production process from the selection of raw materials, right down to the vehicle's final inspection. And it is the responsibility of everyone to ensure the highest quality possible on each and every vehicle. It's through Toyota's philosophy of 'Kaizen' that we are always looking for ways to continually improve. That's how we make things better.

THE TOYOTA PRODUCTION PROCESS is one that is constantly evolving. With our "Just-In-Time" practice, the goal is to make certain that during the manufacturing process, only what is needed gets produced. The result is twofold: because there's no excess supply, any issues are exposed and promptly resolved to ensure that everything off of the Toyota assembly line is of exceptional quality.

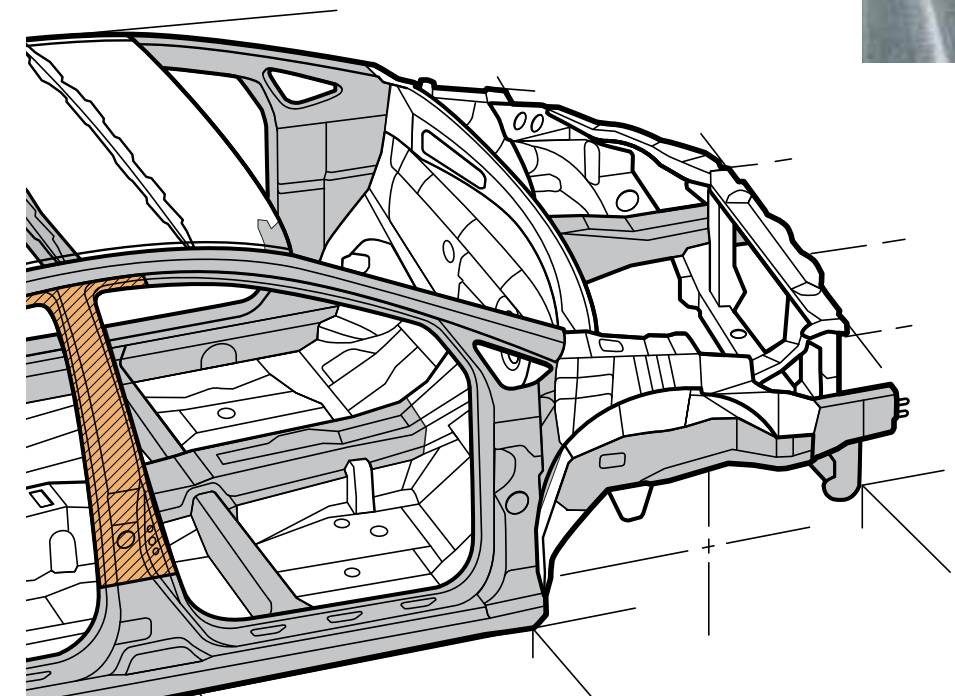

TOYOTA CANADA COLD RESEARCH CENTRE. Located in Timmins, Ontario, our teams test Toyota vehicles in actual Canadian winter conditions at our cold weather testing track to ensure that they remain dependable throughout the long winter months.

THE HUMAN TOUCH. As impressive as the machinery is, the achievement of perfect fit and finish is also the result of continuous human touch for every step of the way.

¹All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS) which, depending on the model, may include driver and front passenger airbags, front seat-mounted side airbags or side curtain airbags. For important safety information about the Supplemental Restraint System in a vehicle, please see the Owner's Manual or contact your local Toyota Dealer.

²These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of this vehicle may vary. Refer to the Government of Canada publication *EnerGuide Fuel Consumption Guide*.

³Toyota tests certain phones for compatibility with Bluetooth technology. Some vehicles equipped with Bluetooth technology are available with bilingual capability. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the service coverage available in your area. Please see your Toyota Dealer for details.

⁴The Toyota DVD based Navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely on your common sense to decide whether or not to follow a specified route. Detailed coverage is not available in every city. Optional periodic geographic updates are available at an additional cost. The Navigational systems in some vehicles are available with bilingual capability. Please see your Navigation system Owner's Manual and your Toyota Dealer for further details.
